CARDS OF THANKS
The charge for publishing cards of thanks and obituaries is one cent per word, with 50 cents as a minimum charge. Count your words and send CASH copy. No such card or obituary will be published without cash in advance.

Remember the village youth "bad man" who used to leave town every time the grand jury had its regular session?

STAYING MODEST

One of the problems of this young editor's life is to remain modest when friends send deliberately trying to spoil him.

Several days ago one of the choice lady friends who writes a charming column in a daily newspaper, summing up the various eccentricities of persons whom she had met at a press convention, wrote words of flattery touching the editor of this paper. Determined to remain modest as long as possible, he refrained from open acknowledgment of the reference till half the people of Statesboro had called his attention to the matter. (They need not have done so, for he had worn a continuous blush for three days, still he read the pleasant.) About the time the editor had got back to earth, here comes along another choice friend who not only quotes what the first one said, but piles on other words of flattery which still he calculated to turn a man's head. Now flattery is recognized as force No. 1 in the methods of political control. Ninety per cent of the male sex between the ages of 3 and 103 years fall for flattery. Even when they know the things said are greatly exaggerated, they fall anyhow. Fifty per cent of the men who never have nice things said about them, manufacture and promote self praise. (Confidentially, they wouldn't do it if they were not so much like women!)

Modest though we are determined to be, far be it from us to habitually ignore the nice things we find written about us when those things are written by the very friends whom we should delight to have say and believe those things. And we can't think of two friends who are more capable of spreading flattery in a convincing way than Mrs. Mildred Seydell, of the Atlanta Georgian, and Mrs. Robert Majors, of the Georgia Enterprise. Even though we realize that they are deliberately trying to spoil us, and that they do not have to go much further to accomplish that end, we cannot refrain from quoting the words of the versatile Mrs. Majors, found in that delightful column, "It Pleases Me," which she edits in the Claxton Enterprise. Hoping that friends will not censure us for the weakness which we have striven to control, we are permitting the reproduction of Mrs. Majors' words:

"The P. T. A. conference is to be held in Statesboro, the home town of our good friend, Editor Dave Turner. And, speaking of flattery, I want to tell you something that I caused Mr. Turner to do, and that recently Mildred Seydell, a sure enough columnist, attended the Georgia Press meeting in Savannah, as did Mr. Turner. . . . You may sum up the result of something flattery that Mildred said in her Georgia column after the press meeting, I haven't a copy. Mr. Turner has, but I don't believe he would give up any of them; but Mildred went on to write as only Mildred can about what Mr. Turner said about flattery. In other words, it conveyed plainly that Mr. Turner has said that boys from 10 to 110 enjoyed flattery, and then she went on to say lots of flattering things about him that are generally conceded wherever he goes. . . . I am wondering how many extra Georgians were sold of that issue."

And we repeat, flattery is the one weakness of the average man. If he doesn't fall for it, then he is hopeless. Forgive us then, for strutting when Mrs. Seydell said something flattering in the Georgian column, and Mrs. Majors comes along and adds her endorsement—"flattering things about him that are generally conceded wherever he goes." We are holding our hands up to our face as we blush and how to the two most charming flatterers.

A lot of fellows who are now leaning on the government, in another year will be demanding a leaning cushion for their shoulders.

In the Scriptures the use of the term "cattle" often is meant to include "goats." In modern American the term "goats" includes a lot of things.

BULLOCH BOYS ARE
HIGHLY PRAISED

MAJOR COWART QUOTES WORDS OF COMMANDING GENERAL IN EXTENDING WELCOME.

During the two weeks that it was my pleasure and responsibility of supervising the military instructions of the citizen soldiers who constitute the 264 Coast Artillery Battalion of the Georgia National Guard, composed of the units from Statesboro and Washington, Georgia, I have had some distinct impressions of the value of this training which I believe the American public should try to understand.

The most valuable expression of the purpose and ideals of military training that it has been my privilege to read was contained in a letter addressed to the civilian trainees at Fort Meade, S. C., by the commanding general of the Fourth Corps Area, Major General Geo. Van Horn Moseley, and which I am taking the privilege to quote:

"As Corps Area Commander, I welcome you to camp and wish you a pleasant and profitable time while here. . . . The most important problems confronting America today are those involved in our man power. No nation can rise higher than the level of the character of its people. So long as we have a trained, intelligent, loyal citizenry, we have nothing to fear. It will constitute our main line of defense in peace and war."

"Too often we view the present emergency—the depression—only in terms of the financial difficulties, and realize that our financial difficulties are largely by-products of our human frailties. We must guard against a gradual development of a feeling of dependence upon federal bounty—the gradual growth of an attitude that the federal government owes us protection and reimbursement for all our individual misfortunes and mistakes. Such attitude would change us from patriots to parasites. Eventually it would morally and financially bankrupt the strongest nation. Each one of us must add to the strength of the federal government. When we, as citizens, lose our sturdy self-reliance, our willingness to bear our individual burdens and to accept full responsibility for our individual mistakes, we cease to be an asset to our country. National welfare must go ahead of personal gain."

At this camp you will be taught the fundamentals of military training. This training will serve to make your potential qualities more effective in the service of your country. We must be prepared, should the need ever arise, to give this 'last full measure of devotion' to those principles upon which our nation was founded, dedicating 'our lives, our fortunes and our most sacred honor' to the end that they shall not perish from the earth. Where the stake is so high, it is only a matter of simple duty that we be prepared to do this and to do it effectively."

With the inspiration gained from a welcome of this kind your boys, the boys from Bulloch and Wilkes counties, entered upon their task of training in the spirit of the welcome which they received and with the purpose of accomplishing the aims expressed therein.

As a result of these efforts, upon the completion of our tour of duty at Fort Meade, the commanding officer of that post saw fit to commend them in the following terms: "I take this occasion to express to you my commendation of the very fine spirit and conduct of your battalion while in camp at this station. The behavior of your men has been excellent, showing a high degree of discipline. This always reflects the attitude of the commander. Your troops had to be separated in camp and thrown in very close contact with troops of another state. You have so handled the situation that there has been no unpleasant incidents. This reflects great credit upon you and your men."

I feel that the communities and families from which these boys come could have no greater source of satisfaction and pride than that of knowing that these boys have entered wholeheartedly and with high purpose into the task, not of making war, but of preparing themselves to defend those who oppose war, against the real and perilous of war if it should come.

It is a pathetic situation when men and organizations of men are criticized and condemned for their efforts in preparing themselves to give this 'last full measure of devotion' to those principles upon which our nation was founded, while others are lauded and commended as being successful men, when they through selfishness and avarice become the breeding places of war and conditions for which the loyal citizen and soldier must sacrifice his life to defend and correct. The high principle of loyalty and patriotism in the heart of the trained soldier is the greatest source of security that the world has, and until the citizenry of America develops a sense of patriotism commensurate with their own institution of government is not secure.

LEROY COWART, Major,
264th C. A. B., G. N. G.

ROAD PATROL TO
BE HERE MONDAY

(Continued from page 1)

day, reports that a large number of state, county and highway officials will be on hand to see the new main-lane performance.

Shortly after the demonstration the cross-country machine will leave town and set out for the remainder of its nation-wide tour.

Ivanhoe Club to Elect
Another Leader Friday

Ivanhoe Community Club will elect a local leader to succeed the late John W. Davis at the August meeting Friday afternoon. The club will assemble at the community depot.

Methods of preparing and processing foods for canning under pressure will be studied by the club in connection with the operation of their new canning unit.

Hon. S. H. Morgan, member of the board of regents of the University System, will meet with the club to gather information for his board. This board has expressed a very favorable attitude toward the Ivanhoe Club and is making efforts to promote similar organizations in other sections of the state. Following the business session of the meeting a picnic lunch will be served.

Employment Office
Moved to Savannah

Announcement is made that the national re-employment office for Bulloch county has been recently moved to Savannah and combined with other county offices. This office is operated for the benefit of industrial and commercial firms of these counties which are in need of labor of any kind—cotton pickers, farm hands, sawmill and gin workers, etc.

It is regarded as possible that there will be a special demand for labor in some of these lines during the next few weeks. The United States re-employment office offers to bring those who need labor into direct contact with those who need workers, and this service is without cost.

Any farmer in Bulloch county, or others in need of labor of any kind, are invited to communicate personally or by mail with Dr. H. F. Arundel, Statesboro, Ga., or direct to the National Re-employment Office, 2 Abernethy street, Savannah, Ga.

County Singing
Convention Delayed

The Bulloch county singing convention, announced to be held at West Side school house next Sunday, has been postponed to the fourth Sunday in the month, the change having been made necessary because of conditions beyond our control.

We wish to express our appreciation of the kindness and sympathy shown us during the illness and death of our beloved mother, Mrs. D. L. Kennedy.
Mrs. Lee Brannen.
Mrs. L. M. McKel.
Mrs. P. L. Neville.
Mrs. W. D. Kennedy.
Mrs. K. K. Trapnell.
O. W. Kennedy.

MISS TURNER HOSTESS
Miss Marguerite Turner entertained with two lovely parties last week, one Friday afternoon to which she invited six tables of players, and the other Saturday morning at which three tables of players were present. Roses and coral vine formed her effective decoration. Miss Sara Bess Renfro, a charming bride-elect, was present at the afternoon party and was presented with a lovely sash. A pair of silk hose for high score went to Mrs. Renner Bridgely and a vase for cut to Mrs. Carey Martin. Mrs. Edwin Groover made high score at the morning party and Mrs. Rufus Brady cut. Each received a lovely linen towel. A salad course was served with sandwiches and a beverage at each party.

FOR BRIDE-ELECT
Miss Martha Parker entertained with a miscellaneous shower Friday morning honoring Miss Sara Bess Renfro, whose marriage will take place in the near future. Miss Sara Bess Renfro, winning a flower contest, was given a dolly. Each guest wrote a recipe for the bride to try. The hostess had a punch and sandwiches. Fourteen guests were present.

Miss Vivian Mathews entertained very delightfully with a luncheon Tuesday at the Tea Pot Grill honoring Miss Sara Bess Renfro. Covers were laid for Misses Mary and Martha Groover, Pearl Thomas, Sara Katherine Cone, Martha Parker, Myrtice Alderman, Mrs. Daniel, of Macon, and Mrs. Ernest Pender, of Fayetteville, N. C.

MRS. CLIFTON ENTERTAINS
Mrs. A. L. Clifton entertained at her home on Zetterower avenue Thursday with two parties. Three tables of guests were invited for morning and three for evening. Periwinkle were the flowers of the occasion. A salad course and beverage were served in which the colors of pink and green were used. At the morning party Miss Carrie Lee Davis was given a water bottle for high score. An ice tub for floating prize went to Mrs. C. Donaldson and a flower pot for cut to Mrs. Julian Brooks. At the evening party Miss Sara Hall made high score for ladies and was given an ice tub. Herman Bland, high for men, received cards. Mrs. Harry Johnson, for floating prize received cards, and Ollie Everett, for cut, a flower pot.

Darby Badly Hurt
In Highway Wreck

F. W. Darby, well known business man of this community, is understood to be confined in a hospital in Savannah as a result of an accident on the highway near Midway church Tuesday morning, details of which have not been learned. It is understood that Mr. Darby was unconscious for several hours after the accident, but is now believed to be on the road to recovery.

Burton's Ferry Bridge
To Become a Reality

That Burton's Ferry bridge, long hoped for connection between South Georgia and the South Carolina, is to be a reality at an early date, is assured. A letter today received by Dr. R. J. Kennedy, chairman of the Bulloch county board of commissioners, gives assurance that the South Carolina highway commission will give consideration to the building of the bridge at the next meeting of the board. The Georgia highway commission has already adopted a resolution to join with the South Carolina commission in the project.

Annual Communion
At Lane's Church

The annual communion meeting of Lane's Primitive Baptist church, near Siltion, will begin Thursday morning of this week, August 2nd, and continue through Sunday. Services will be held at 11 o'clock each Sunday. The church has invited Dr. S. C. Davis, of Screven, Ga., a former pastor of the church, to assist the pastor throughout the meeting; also Elder J. Walter Hendricks, of Savannah, and Elder J. H. Durden, of Swainsboro. Several other ministers are expected and all ministers and laymen are invited to all the services. Elder John D. Durden, of Swainsboro, is the pastor of Lane's church, and he has, during the three years of his pastorate, baptized nineteen into the fellowship of this church.

SPEND-THAT-DAY PARTY

Mrs. R. J. H. DeLoach entertained Tuesday with a spend-the-day party a number of her friends. Among the number present were Mrs. Anna Potter, Mrs. E. L. Smith, Mrs. M. Holland, Mrs. E. D. Holland, Mrs. W. Williams and Mrs. C. W. Enneis. The noon day meal was served in five courses.

DINNER PARTY
Dr. and Mrs. R. J. H. DeLoach entertained at dinner Friday evening at their home on Savannah avenue. An Italian banquet cloth was used on the table with a bowl of pink rose buds and fern for a centerpiece. Unshaded tapers of pink and blue cast a soft glow over the room. The meal was served in four courses. Covers were laid for Dr. and Mrs. M. S. Pittman, Miss Katherine Pittman, Marvin Pittman Jr., Hon. G. S. Johnston, Mrs. Anna Potter, Mrs. C. W. Enneis and Dr. and Mrs. DeLoach.

MISS TURNER HOSTESS
Miss Marguerite Turner entertained with two lovely parties last week, one Friday afternoon to which she invited six tables of players, and the other Saturday morning at which three tables of players were present. Mrs. P. J. Carter and little daughter, Carol Jean, left Wednesday for a visit to relatives in Macon.

Miss Adeline McGauley, of Metter, visited her brother, W. D. McGauley, several days during the week.

Mrs. Harvey Brannen had as her guest for the week end her sister, Miss Bill Lanier, of Savannah.

W. Z. Sellers, of Palatka, Fla., and Charles Swanson, of Tampa, were guests of friends here Tuesday.

Mrs. J. M. Thayer and Miss Gladys Thayer spent several days during the week in Savannah with relatives.

Mrs. Clarence Haskin and daughters, Audrey and Charlotte, left Friday for St. Louis to visit relatives.

Mrs. C. G. Tillman and two sons, Joe and Dick, of Newark, N. J., are visiting her sister, Mrs. Arthur Brannen.

Mr. and Mrs. W. H. Goff and daughters, Misses Geraldine and Emily, visited relatives in Bonifay, Fla., last week.

Mrs. K. B. Wicker and granddaughter, Miss Janet Green, of Savannah, were week-end guests of Mrs. D. S. Robertson.

Dr. and Mrs. E. N. Brown and little daughter, Margaret, spent Sunday at Garfield with her mother, Mrs. E. B. Chance.

Miss Evelyn Robertson and Bruce Robertson spent the week end at Tybee as guests of Mrs. K. A. Higgins and family.

Mrs. L. D. Denmark and little son, Douglas, of Jacksonville, Fla., spent last week end with her mother, Mrs. Jim Stubbs.

Mrs. Harry Purvis and little daughter, of Savannah, were guests during the week of her parents, Mr. and Mrs. Morgan Waters.

Mrs. and Mrs. T. H. Hodges, with their little son and daughter, of Macon, visited his mother, Mrs. J. W. Hodges, during the week.

Miss Ida Seligman has returned home after spending a few days in Waycross with her sister, Mrs. B. J. Bennett, who accompanied her home.

Mr. and Mrs. W. D. Anderson and children, Misses Mardian, Blanche and Evelyn, and William Anderson, have returned from a week's stay at Tybee.

Mrs. O. H. Carpenter and Harry Davis, of Savannah, and Miss Bertha Davis, of Columbia, S. C., were guests Monday of Mr. and Mrs. Morgan Waters.

Bill Alderman was a visitor at Tybee during the week.

Mrs. S. J. Proctor has as her guest her daughter, Mrs. Dexter, of Macon.

Mrs. Bernard McDougald was a visitor in Savannah during the week.

Miss Nina Herrington has returned from a visit to Nunez after a visit to friends here.

Mr. and Mrs. Frank Olliff and Mr. and Mrs. Bonnie Morris motored to Tybee Sunday for the week.

Mrs. Virgil Durden and sons, of Graymont, were visitors in the city during the week.

Mrs. Grover Brannen was a guest of Mrs. Dan Burney in Swainsboro during the week.

G. F. Donaldson has returned to Tifton after joining his family here for the week end.

Mrs. E. D. Holland has returned from a visit to her daughter, Mrs. J. C. Minney, in Claxton.

Mrs. Frank DeLoach has returned from a visit to relatives in Dawson and in South Carolina.

Miss Clarice Pittman, of Sharon, spent several days as the guest of Mrs. Henry Quattlebaum.

Miss Helen Tucker has returned from a visit to her sister, Mrs. Bobbie Thompson, in Savannah.

FOR SALE—Established photograph business, good location; will either rent or sell. CHAS. E. CONE.

Mrs. Harvey D. Brannen has returned from a visit to her mother, Mrs. Emma Little, in Clinton, S. C.

Mr. and Mrs. E. M. Mount and family and Mr. and Mrs. Bray formed a party motoring to Tybee Sunday.

Miss Mary Ruth Lanier left Thursday for Tybee to spend the week end with her mother, Mrs. Arthur Mooney.

Mrs. Allen Franklin has returned to her home in Macon after a visit to her parents, Mr. and Mrs. W. H. DeLoach.

Dr. and Mrs. C. H. Parrish and Miss Henrietta Parrish, of Newington, were visitors in the city during the week.

Mrs. R. P. Stephens and little son, Bobby, left Sunday for Macon to visit relatives before returning to their home in Beaufort.

Mrs. M. S. Pittman, Miss Katherine Pittman, Marvin Pittman Jr., and their guests motored to Savannah and Tybee Tuesday for the day.

Misses Mary and Mary Ann, of California, were Gordon Mays Jr., Fred and Grover Blitch, Alton Brannen, Earl and LeRoy Franklin, Mr. and Mrs. Emil Atkins, Miss Sudie Lee Atkins and Misses Pennie and Josie Allen formed a party motoring to Savannah and Tybee Sunday.

Miss Norma Boyer, of Millen, was a visitor in the city Monday and was accompanied home by Misses Julianne Turner and Carmen Cowart for a visit.

Mrs. Harry Johnson and her little daughter, Helen, accompanied last Saturday for a two-weeks' stay at Sylvester, N. C.

Forming a party motoring to Savannah Saturday afternoon were Mesdames Harvey Brannen, E. L. McDexton, R. P. Stephens and Remer Brady.

Mr. and Mrs. Devane Watson, Miss Alice Katherine Lanier, Miss Nina Herrington, Hoke Brunson and Hubert Amussen spent last week end at Yellow Bluff.

Mrs. A. E. Temples, Ambrose Temples and Misses Ouida and Sallie Maude Temples and Misses Ruby Lee and Alice Jones motored to Tybee Sunday for the day.

Mr. and Mrs. C. B. Mathews and children, Misses Evelyn and Margaret Mathews, and son, Charlie, left Tuesday for Chicago and other points of interest.

Mrs. J. E. O'Neal, of Savannah, spent last Thursday in the city and was accompanied home by her son, William O'Neal, who has been visiting his aunt, Mrs. Lott Darden.

Among those to attend the education meeting in Athens this week are Dr. M. S. Pittman, Dr. R. J. H. DeLoach, W. S. Hamner, Z. S. Henderson and Misses Hester Newton and Viola Perry.

Mr. and Mrs. Thomas Taylor, who have been visiting her parents, Mr. and Mrs. W. H. DeLoach, are spending two weeks at Tybee, Mr. and Mrs. DeLoach spent several days with them as their guests.

Mrs. J. G. Moore, of Tybee, who has been visiting her brother in Jacksonville, Fla., was called home Sunday because of the illness of her daughter, Miss Henrietta Moore. She was accompanied by her sister, Mrs. Nina Horne.

Mr. and Mrs. J. A. Woods returned to their home in Route 1, N. C., Sunday after a visit to her parents, Judge and Mrs. A. E. Temples.

They were accompanied home by her father and her sister, Miss Madge Temples.

Enjoying a picnic at Blitchton Sunday were Mr. and Mrs. W. H. DeLoach, Mr. and Mrs. W. W. DeLoach and a number of their relatives from Savannah, including Fitzhugh DeLoach and family, Dawie DeLoach and family, Clyde Knight and family, Mr. and Mrs. Smith and Mr. and Mrs. Robbins.

BIRTHDAY PARTY
Mary Lee Brannen was hostess at a birthday party Saturday afternoon at her home in Savannah. Thirty-five little friends were present. Games were played after which punch and cake were served. The party was given as follows:

STITCH AND CHATTER CLUB
The Stitch and Chatter club met Friday afternoon with Mrs. Dedrick Allen as hostess. Two tables were placed for bridge. Other than the members present were Mrs. Roy Parham, Mrs. Raymond Pover, Mr. Allen Lanier. The hostess served lemonade with sandwiches and crackers.

BIRTH
Mr. and Mrs. W. S. Rogers announce the birth of a son July 28. He has been given the name of Richard Wallace and will be called Dick. Mrs. Rogers was before her marriage Miss Ruth Helen Denmark.

SPEND-THAT-DAY PARTY
Mrs. Arthur Brannen had as her guests Wednesday at a spend-the-day party Mrs. Floyd Atkins, Mrs. Percy Rimes, Mrs. Rupert Parrish, Mrs. J. G. Tillman and Miss Annis Wilson.

PRIMITIVE CIRCLE
The Twelve of the Primitive Baptist sewing circle are cordially invited to attend the next meeting, which is to be held at the home of Mrs. James L. Stubbs, in West Statesboro, at 3:30 o'clock Monday afternoon, August 6.

BIRTHDAY PARTY
Junior Snipes entertained a number of his friends Friday evening with a party in honor of his twelfth birthday. Miss Marie Davis assisted his mother in entertaining. Ice cream cones and punch were served.

PARTY FOR VISITORS
Mrs. Henry Quattlebaum entertained twelve little girls Wednesday afternoon at an informal party honoring her visitor, Lynette Pittman, of Metter. After an hour of games, ice cream and cake were served and suckers were given as favors.

BIRTHDAY PARTY
Little Dorothy Ann Kennedy, attractive young daughter of Mr. and Mrs. Dave Kennedy, celebrated her sixth birthday Thursday afternoon at the home of her grandparents, Mr. and Mrs. Arthur Howard, on Zetterow avenue. Thirty little guests were invited. After the games the birthday cake was cut and served with Dixie cups and suckers.

BRIDGE PARTY
Miss Sudie Lee Atkins entertained four tables of the college crowd at a bridge party Saturday afternoon. Zinnias, dahlias and coral vine were used in profusion about the rooms in which her guests were assembled. Two sport handkerchiefs for ladies went to Miss Nell DeLoach and cards for cut prize went to Miss Naomi Hagan. After the game a salad course was served.

MRS. BARRON ENTERTAINS
Mrs. Everett Barron entertained at the Tea Pot Grill with two small bridge parties during the past week. On Thursday afternoon Mrs. Barron's guests were members of her bridge club and other friends making four tables of players. Miss Lila Smith won top score prize for the club. Mrs. Bruce Olliff for visitors and Miss Nellie Jones received cut prize.

On Friday afternoon there were three tables of players. Last year we introduced aluminum cylinder heads and this year have made further refinements. The new cylinder head is of cast iron, but further increases its fuel economy.

The Ford Motor Company has made exhaustive tests on the roads to establish the fuel economy of this car. In 1933 we conducted an unusual mileage test in section with amazingly low gasoline consumption. Not only have we stepped up the power, but the principles applied in carburetion has provided an increased mileage for the 1934 line.

Those who have seen the new Ford V-8 have been particularly interested in the unique system of controlled ventilation adopted for the 1934 line. Only one window is necessary to operate any single window. Instead of turning out and thus affecting the streamline of the car, the new Ford system has the windows slide back in their panels to the proper opening.

This permits the full window to open and allow full visibility without interference with the framework. One-piece safety glass prevents rattling. A unique feature of the Ford system is that it permits full use of the front windshield for extremely hot weather. Incidentally, the ventilating system is standard equipment in the full Ford line.

The steady improvement in general business conditions is reflected in growing truck sales and increasing inquiries for dealers' equipment according to Ford trucks.

"The many improvements in the new Ford V-8 trucks and commercial cars undoubtedly are partly responsible for the increased sales but it also is an index of improved business conditions."

"The V-8 engine in the new trucks has a special truck type cylinder head which increases the power and reduces the piston strain. Dual down-draft carburetion has been added, and other engine refinements include new type pistons and baffle plates which provide greater oil economy. The present truck engine, which gives 80 horsepower, gives also more miles per gallon of gasoline than any truck engine Ford has ever built."

A paid delivery Ford V-8 truck is used in the Parts Department. The location of a genuine Ford parts distributor, at strategic points enables service and repair stations in this area to at all times maintain adequate stocks of genuine Ford V-8 parts. This eliminates, even in emergency cases, the use of anything but genuine Ford parts, thereby insuring Ford owners of a maximum satisfaction on their service replacement requirements.

Announcement

Mr. Jake Fine has just returned from a two weeks' buying trip to the New York market. He shopped the market thoroughly in order to find values to please you at prices you will be glad to pay.

New things are arriving daily and we urge you to watch our windows and visit our store frequently. We do not expect the new things to remain in stock very long for they are bought and priced to move.

This offering of fresh new merchandise just at the opening of the Tobacco Market affords our farmer friends an unusual opportunity to save on their needs.

FOR SALES CREATE NEW WEALTH IN SOUTH

Ford Prices on New 1934 Models Reach Lowest Mark

Price Reductions Effective Now Cut Price from \$10 to \$20 per Unit

In spite of the fact that Ford prices were not advanced when the automobile industry announced a general increase several months ago, have now been reduced \$10 to \$20 per unit. Since no price advance has been made on Ford this year, the reduced prices set a new low on the 1934 models.

So great are the economies made possible by mass production and manufacturing efficiency together with the idea of a small profit on each unit that the Ford Motor Company was not only in position to refrain from raising prices at the time there was a general increase in retail prices by the automobile industry, but to announce even lower delivered prices. These low prices have remained in effect since they were established three months ago and there is no prospect of any immediate increase.

The constantly maintained low prices on the various Ford models is more remarkable when it is considered that it is the only car under \$245 with a V-type 8-cylinder engine and that many of its other features are found only in cars selling at considerably higher prices.

WATCH THE FORDS GO BY
V-Type Motor Popular Model

Formerly Used Only in Higher Priced Cars in This Country

The success of the Ford V-8 for 1933 was a conclusive indication of the popularity of the eight-cylinder car.

"The Ford Motor Company has brought the V-type eight-cylinder automobile into price range within reach of every American family. The V-type engine has been notable for its performance in higher priced cars. Ford engineers long recognized the superiority of the V-type engine and it was only after engineering and production problems could be scientifically worked out that this splendid type of engine could be brought to a price level which is all of the motorist's pocket to buy."

"As a matter of fact, we first introduced this type engine over two years ago, and by progressive development have constantly improved it. Last year we introduced aluminum cylinder heads and this year have made further refinements. The new cylinder head is of cast iron, but further increases its fuel economy."

The Ford Motor Company has made exhaustive tests on the roads to establish the fuel economy of this car. In 1933 we conducted an unusual mileage test in section with amazingly low gasoline consumption. Not only have we stepped up the power, but the principles applied in carburetion has provided an increased mileage for the 1934 line.

\$100,000,000.00 New Wealth For Southeast through Wages and Sales in 10 Year Period

Figure Does Not Include Huge Purchases in South

Growth of Territory Seen Aided by Work of Ford Dealers

Farmers Benefited by Low Cost Transportation

The economic benefits that have accrued to the Southeast from operation of two Ford branch plants and Ford dealerships were pointed out by local Ford dealers as they reviewed the record of sales in Southeastern territory.

The benefits included an impressive total of new wealth created for this district, thousands of hours of employment and a story of how Ford sales have aided in the development of the Southeast.

New Wealth Created
Estimating the sales for the past ten year period together with wages and salaries paid by the two branch plants in this territory, it was shown that approximately \$100,000,000.00 in new wealth has been created for the Southeast, going directly into its arteries of commerce and contributing to the section's development and prosperity. This amount (which does not include huge purchases of textiles, fabricated materials and raw materials by the Ford Motor Company, reflected in the South) has an important bearing upon many lines of endeavor in the territory. The value of the Ford Motor Company, it was pointed out, is thus proved by figures of material rewards, reflected in increased opportunities and higher standards of living.

**FORD PRICES
REDUCED!**

NOW

\$505

AND UP—F.O.B. DETROIT

All Ford models have 85
horsepower V-8 engines and
112-inch wheel base.

THE ONLY V-8 ENGINE UNDER \$2545

The CAR WITHOUT A PRICE CLASS

SUBSTANTIAL reductions have been made in delivered prices for the new Ford V-8 for 1934 by dealers in the Southeast.

It would take the best engineering achievements of many other cars to make *one* Ford—to give you these 15 outstanding features, all of which are found in "The Car Without a Price Class."

- **ONE!** The only car under \$2545 with a V-8 engine—the type of engine which has broken all records for speed and performance on land, on water and in the air.
- **TWO!** The only car with completely water-jacketed cylinder and crankcase walls.

- **THREE!** The only car with tungsten steel exhaust valve seat inserts and mushroom-end valves.
- **FOUR!** Dual downdraft carburetion and dual intake manifold which give extra miles per gallon.
- **FIVE!** The only car with cast alloy steel crankshaft.
- **SIX!** Ball or roller bearings at every chassis friction point.
- **SEVEN!** The only car under \$1375 with ¾ floating rear axle.
- **EIGHT!** The only car under \$3200 with welded steel spoke wheel.
- **NINE!** Houdaille hydraulic double-acting, automatic shock absorbers.
- **TEN!** Clear vision, draftless ventilation with one control—no blind spots.
- **ELEVEN!** Safety glass.

Genuine New Low Prices Effective June 15, 1934

- **TWELVE!** Adequate body room. More than in a 6 or straight 8 of equal wheel base.
- **THIRTEEN!** All-steel body. No one should deny his family this protection.
- **FOURTEEN!** The only car under \$795 with torque tube drive with radius rods and transverse springs.
- **FIFTEEN!** Free action on all 4 wheels plus the proved safety of a strong front axle.

Find out how much *more* it would cost you to get even *some* of these features in another automobile.

The Ford V-8 gives you at no *extra cost* these features which cost from \$38. to \$40. extra in other cars:

1. Safety glass throughout—DeLuxe types.
2. Two matched-tone horns—DeLuxe types.
3. Two tail lights and stop lights—DeLuxe type.
4. Painted fenders to match body—DeLuxe type.
5. Two adjustable sun visors.
6. Thermostatic water control.
7. Cigar lighter—DeLuxe type.
8. Arm-rests—front and rear—DeLuxe type.

The more high-priced cars you look at—the more Ford V-8 features you see. Drive the Ford V-8—"The Car Without a Price Class"

STATESBORO, GA.

YOU would probably never ask a truck to pull a freight-car load. Yet the new 80 horsepower Ford V-8 engine has the power to do it. And that reserve of power is what gives you dependability and economy when the loads are big and the going is rough. Probably you'll never send a truck along at express train rate. Yet the new Ford V-8 is capable of that speed. At 40 it is running at ease. You have a reserve of speed, ever ready when you need it.

The new Ford V-8 Truck is ruggedness itself. It's all truck—and built for a truck's work. Built with a trouble-free full floating rear axle. Built so that

repairs will be few and far away. And when they are necessary, Ford truck parts cost less than parts for any other truck.

The new Ford V-8 truck is not only the easiest truck to handle on the road. It is the easiest to handle on a cost sheet. It costs less to buy. It costs less to operate. Dual carburetion gives it exceptional mileage per gallon of gasoline—even greater mileage than last year's model.

The harder a buyer you are the more readily you'll appreciate the advantages of the new Ford V-8 trucks. There's a body style for practically every type of hauling. Three different wheelbases.

NEW LOW PRICES

and a body style for practically every type of hauling and delivery

V-8 TRUCK CHASSIS (131 1/2-inch wheelbase) . . . \$485	V-8 Commercial CAR CHASSIS (112-inch wheelbase) . . . \$350	V-8 TRUCK CHASSIS (157-inch wheelbase) . . . \$510
(Prices on Ford V-8 units complete with bodies are proportionately low)		

(All prices f. o. b. Detroit. Truck chassis prices include front fenders, running boards, bumper, 5 wheels, 4 tires, spare tire carrier, complete instrument panel and cowl assembly, electrical system including lamps, incidental lock, tools and fuel tank.)

LOCAL POST GIVES PARKER BIG BOOST

ADJUTANT H. F. ARUNDEL APPEALS TO LEGIONNAIRES TO SUPPORT FELLOW MEMBER.

Hugh F. Arundel, adjutant of the Dexter Allen Post, American Legion, has issued a strong appeal to the members of the organization to stand squarely behind their fellow member, Homer C. Parker, in his race for re-election to congress. The appeal, which will be read with interest and profit by Legionnaires everywhere, is published herewith:

DEXTER ALLEN POST NO. 90
AMERICAN LEGION
Statesboro, Ga.,
August 7, 1934.

Dear Comrade:

We wish to invite your attention to the coming election in which one of our oldest and most loyal members and a past commander is a candidate for re-election to congress. We refer to the candidacy of Homer C. Parker. To the best of our knowledge, no member of the American Legion nor any other veteran has ever endorsed Congressman Parker for assistance when he did not give the matter his immediate attention, and if necessary spend his own money in rendering assistance. He has been very generous in his support of the American Legion in all worthy projects undertaken by it.

While we have no intention of engaging in politics, we feel that some veterans have been misinformed as to the activities of Congressman Parker in regard to veterans' legislation and we therefore consider it our duty and our privilege to state a few of the facts in the matter. We believe that it is a cardinal principle of the American Legion to stand squarely behind its friends and supporters. It would be inconsistent on our part to acknowledge that support. We do not intend to make any attempt to tell members of the American Legion or other veterans how to vote; we merely desire that each veteran shall consider the facts and then let his conscience be his guide.

We invite your attention to the following measures which Congressman Parker has supported and voted for:

- The measure to restore worthy veterans many of their rights that were taken away from them by the Economy Act of 1933.
- The bill granting veterans an additional five years in which to convert their war risk insurance.
- The bill permitting veterans to borrow 50% of the face value of their bonus certificates without waiting two years from the date of the certificates as heretofore.
- The bill to pay immediately the balance due on Adjusted Service Certificates (bonus) when this measure passed the house during the last session of congress.

Congressman Parker served a term as a member of the Military Affairs Committee and proved himself to be a staunch believer in adequate national defense.

We believe that the experience he has gained since he left congress in 1931 will permit him to render even greater service to his constituents than that which he has already rendered.

Yours in comradeship,
HUGH F. ARUNDEL,
Adjutant, Dexter Allen Post No. 90,
American Legion.

Akins Gives Editor Choice Stalk Cane

H. L. Akins, one of Register's progressive farmers, presented the editor this week with the longest stalk of sugar cane so far received this season. It measured more than three feet and was matured joints, which is an evidence of the advanced condition of Mr. Akins' entire patch. He is growing three-fourths of an acre and will have some choice syrup for sale.

Mr. Shuttley further stated that newspapers will be used as long as it is his hope that it will run into many generations to come.

HOW MUCH DO YOU KNOW?

(For answers to these questions look on page 5.)

1. What question, in 1860, split the Democratic convention that met in Charleston, S. C.?
2. In what battle was T. J. (Stonewall) Jackson killed?
3. Who gave Jackson the nickname of "Stonewall"?
4. What was the Mafia Affair, and when did it happen?
5. Who was the first ambassador appointed by the U. S. government?
6. What was General Washington's salary a year during the Revolutionary War?
7. When did congress pass the Alien and Sedition Acts?
8. Between what two countries did the XYZ affair occur?
9. Under whose presidency did the "spoils system" originate?
10. What nation gave the Statue of Liberty to the United States?

Local Educators Score at Columbia

A dispatch from New York carries news which is of interest to the people of this entire section, since it involves two educators well known in Statesboro and vicinity.

At Columbia University on Monday evening the annual stunt night was held, in which more than two hundred Southern young people participated. Twenty states were represented by groups. The Georgia group won first place with its presentation. Ed L. Swain, formerly of Bulloch county but now of Sylvania, is president, and Robert Donaldson, of the Teachers College, secretary, of the Georgia aggregation which won the first prize.

SHUTTLEY PRAISES PRESS INFLUENCE

SCHAFER BAKERY MAN SAYS INVALUABLE IN PUBLIC EDUCATION.

The effectiveness of newspaper advertising in public education work, especially relating to food products, can hardly be over estimated, according to a statement issued by Mr. Shuttley, manager of the Schaffer Baking Company, exclusive bakers of O-Boy Vitamin D Bread.

"Students of nutrition have been struggling with vitamins for the past fifty years," said Mr. Shuttley, "and it has only been within the last ten years, due to the work of Zucker at Columbia, McCollum at Johns Hopkins and Steenbock at Wisconsin, that the sources, needs and the important part played by vitamins have become definitely and clearly understood by the medical profession at large."

"Science has progressed beyond the experimental stage; we now know definitely the influence exerted by vitamins over the health and well-being of people. There are six known vitamins, A, B, C, D, E and F."

Vitamin D, however, is the scarcest of all vitamins; it is almost entirely deficient in the ordinary diet. And yet vitamin D is most important. Vitamin D is also called the anti-rachitic vitamin because it protects from the disease, rickets, to which children up to the age of two years are susceptible to a great degree and after this age to a lesser degree. Lack of vitamin D results in soft bones, poor teeth, bone deformities and illnesses resulting from low resistance.

"When the Schaffer Baking Company's nutritional experts had completed their experiments, we decided to supply this missing vitamin by incorporating it in our new O-Boy Vitamin D loaf. The vitamin D used in O-Boy Vitamin D Bread was developed by Prof. Theodore F. Zucker in the laboratories of Columbia University. It is extracted by a patented process from cod liver oil."

"After we had perfected O-Boy Vitamin D Bread and tested it for foodification effectiveness, there remained the biggest job of all—that was to effectively tell the story to the public. To do this we threw the brunt of the burden upon the newspapers. Large ads scheduled for regular weekly or semi-weekly appearances were placed with the newspapers. Results proved that our faith was not misplaced. The sales of O-Boy Vitamin D Bread have soared to peaks far exceeding our fondest expectations, and it is a tribute to the influence which a good newspaper exerts over its readers."

Mr. Shuttley further stated that newspapers will be used as long as it is his hope that it will run into many generations to come.

Struck by Lightning, Prosser Still Lives

Cicero Prosser, a young mechanic employed in the garage operated by his father, John Prosser, is fully recovered from the effects of a lightning stroke which nearly cost him his life late Tuesday afternoon.

Young Prosser was sitting in the door of the garage when a flash of lightning struck overhead wires near by and sent the current to the ground. He fell over and for two or three hours was unconscious. Wednesday his body was bruised and sore, but no permanent ill effects were felt.

Four years ago young Prosser lost his mettle in an automobile accident in which he was driving a car which was cranking backfired and the crank literally knocked off the top of his skull. For several days he was unconscious from that injury, but his skull knitted back and he resumed work as vigorously as ever. His many friends are congratulating him upon his continued invulnerability.

TURPENTINE MEN TO MEET TUESDAY

ALL PRODUCERS REQUESTED TO ATTEND CONFERENCE TO BE HELD IN STATESBORO

A meeting of all turpentine operators of Southeast Georgia has been called to be held in Statesboro Tuesday morning, August 14th, at 10:00 o'clock. The meeting will be held at the court house according to the announcement which was issued by W. E. McDougald, chairman.

The purpose of the meeting is to discuss the operation of the present marketing agreement, and is in line with the recent meeting held at Valdosta, when about 400 operators were present. The action of this meeting will be reported to the control committee in Jacksonville next week, and may possibly have some bearing on rosin and turpentine allotments for the balance of 1934 as well as for the 1935 season.

According to T. R. Bryan Jr., of Brooklet, the secretary, a large crowd is expected. Representatives of the industry as far north as South Carolina and as far south as Waycross have signified their intention to be present.

Edwards Abandons Congressional Race

In today's Savannah News there appears the announcement of the withdrawal of Beach Edwards from the congressional race, the reason given being his ill health. Mr. Edwards is a son of the late Congressman Chas. G. Edwards, and has a wide circle of friends throughout the district.

Plans for Newspaper Mill in the South

Atlanta, Ga., Aug. 6 (GFS).—Local publishers today expressed keen interest in an announcement made recently by the newspaper committee of the Southern Newspaper Publishers' Association that a sub-committee had been appointed to "proceed at once with plans for the early erection and operation of a newspaper mill in the south, utilizing southern pine."

James G. Stahlman, publisher of the Nashville (Tenn.) Banner, is chairman of the publishers' newspaper committee and conferred recently with other members of the committee. Dr. Charles H. Herty, director of the Savannah Pulp & Paper Co. laboratory at Savannah and the man who made newsprint from Georgia pine trees, is said to be in constant touch with the situation, although no announcement of plans will be made at this time. Many newspaper interests express the belief that the first newspaper mill to be erected will be built in South Georgia, in which there are a wealth of pine forests.

P. W. Reddick, editor of the Pavo Weekly News, predicts that a few more years "will see the paper manufacturing business one of the leading industries of the South." A recent issue of the Pavo publication was printed on paper made from pine trees grown near Pavo, the trees being cut by members of the Forestry Club of the Pavo High School and shipped to the experimental paper plant at Savannah where it was made into paper under the supervision of Dr. Charles H. Herty, noted Georgia chemist.

The first special edition of the Pavo newspaper fostered by the Forestry Club of the Pavo High School was published about a year ago on paper made from Georgia pine, but the recent edition was not only printed on Georgia pine paper, but on paper that was made from pine actually grown at Pavo. It will be recalled that dailies in Atlanta and other sections of the State were printed on paper made from Georgia pine several months ago. The success of the venture was highly praised in newspaper circles throughout the country.

A lot of fellows would be better off now if they had spent more time in church back in the boom days and less time at a night club or in a board room watching the Wall Street ticker.

His skull. For several days he was unconscious from that injury, but his skull knitted back and he resumed work as vigorously as ever. His many friends are congratulating him upon his continued invulnerability.

Following the business session a picnic lunch was served. The club elected to hold its September meeting the first Friday at the steel bridge.

Atlanta, Ga., Aug. 6.—National attention is being attracted to the unique exhibition of Indian relics and lore, in an authentic background, that is being arranged as one of the brilliant features of the Southeastern Fair at Lakewood Park beginning September 30.

Descendants of the famous tribes that made American history will pitch their tents and erect their homes on a reservation on the fair grounds and live their lives just as they did a century ago.

F. B. Steward, superintendent in charge of the exposition, and Mike Benton, president of the Southeastern Fair, are enthusiastic over the cooperation being given by Indian officials and civic leaders.

The tribes represented will include the Cherokee, the Seminole, the Navajo, the Pueblo and the interesting cliff dwellers of the southwest.

"Never before has anything like this been attempted," Mr. Steward said, "It will be one of the most instructive and interesting exhibits ever arranged in the South."

"In addition to the Indians themselves, there will be large exhibitions of Indian artwork, handicraft and relics."

Parker Scores Hit At Mt. Vernon Meet

Congressman Homer C. Parker, candidate for re-election, spoke Monday before a large audience at Mt. Vernon, home town of one of his opponents. Reports given by those who accompanied him are to the effect that the congressman scored a hit. In attendance upon court there was a large crowd, and the congressman was given a most respectful and enthusiastic audience. At the conclusion of the speaking he was given an ovation. He was presented to the audience, it is said, by the mayor of the city, who endorsed his candidacy in strong terms.

TALKING PICTURE TO PORTRAY FORD

LOCAL DEALER TO SPONSOR PRESENTATION AT THE STATE THEATRE NEXT WEDNESDAY.

"These Thirty Years," a new talking picture produced by the Ford Motor Company, is to be shown at the State Theatre Wednesday, August 15th, from 3 to 11 p. m. Complimentary tickets are now being distributed by S. W. Lewis, under whose auspices the local showings are being held.

The story of "These Thirty Years" begins 30 years ago in the town of Brookfield, Dave Haines and his aged mother see their farm and everything they own put on the auction; however, Dave becomes inspired by a "horseless carriage" seen tearing down a rutted country road at the neck-breaking speed of 20 miles per hour. He sees a great future in automobiles and wants Jed Travers, local livery stable owner, to go into business with him. Jed withholds his decision until Dave proves what his "carriage" can do in a cross-country race with a horse.

Success favors Dave. He wins the race—also the hand of May Lacombe. They have a son, Bob, who becomes a problem in later life for he favors playing to working, and spends his "daddy" money gambling on the stock market. The "crash" of 1929 catches Bob. He loses everything—including his girl, Ann Bailey, who has been disgusted with him for some time. Jed, the partner of Dave, sticks to Bob, saves his life on one occasion, and finally induces him to become the man his dad, and Ann, would like him to be.

The players featured in "These Thirty Years" include David Morris, who played in "Come Easy," "Young Sinners," "Cradle Snatchers," "In the Best of Families," K. Elmo Lowe, who played the lead in "There's Always Juliet," and other well known plays; Donald McDonald, who played in "Left Bank" and "Here Today," and took part in "Forsaking All," "Tallulah," "Tallulah," "Banshee," Frederick Forrester, who played the father in "Animal Kingdom," Alice John, who plays the part of "Mom" Haines in "These Thirty Years" has played for the Theatre Guild, Arthur Hopkins and Charles Frohman.

Mrs. John Hendrix Killed At Pulaski

Pulaski, Ga., Aug. 6.—Mrs. Laura A. Hendrix, 70, widow of the late John B. Hendrix, who died here six weeks ago, was run over and killed by her son-in-law, C. L. Turner, here last night.

Mrs. Hendrix, Turner and Mrs. Turner, daughter of the deceased, had attended services at the Pulaski Baptist church. They were riding in the cab of Turner's truck. He drove Mrs. Hendrix to her home and when she got out, he thought she had passed around in the rear of the truck, so he started off. Instead, Mrs. Hendrix had passed to the front of the truck and was directly in front of the wheels when he passed. She was fatally injured.

Mrs. Hendrix was 70 years of age. She is survived by four daughters, Mrs. J. T. Yates, of Savannah, Mrs. C. L. Turner, of Pulaski, Mrs. H. L. Ingram, of Miami, and Mrs. C. G. Walter, of New York; five sons, Garland, Grady, Turner and Laddie Hendrix, of Pulaski, and Edwin Hendrix, of Savannah; three brothers, Hiram, Frank and Leonard Bland, of Metter; eleven grandchildren and one great-granddaughter.

Well, the weather is pretty dry around here but it doesn't seem to have reduced the crop of wild oats.

TOBACCO STILL GOING STRONG

RECEIPTS SO FAR AHEAD OF MOST SANGUINE EXPECTATIONS LOCALLY

The Statesboro tobacco market is nearing the million pound mark! Despite the short crop throughout the entire tobacco region and the limitations placed upon the marketing by the NRA, receipts locally have been above those of any former season at this period of the market.

Today's sales will unquestionably carry the poundage above the million mark, and farmers are apparently well satisfied at the prices they are receiving. At the check-up last evening the figures showed exactly 939,549 pounds sold on the Statesboro market. These figures were divided by days as follows:

Pounds sold week . . . 217,718
Pounds sold Monday . . . 145,108
Pounds sold Tuesday . . . 217,718
Pounds sold Wednesday . . . 169,482
Total pounds sold . . . 939,549

AVERITT'S ACQUIRE CHOICE PROPERTY

BECOME OWNERS OF BUILDINGS IN WHICH THEY HAVE LONG DONE BUSINESS

A real estate transaction of more than casual importance was the purchase by Averitt Bros. during the week of the several buildings in that block north of the Bank of Statesboro building, the purchase price approximately \$10,000. The sale was made by the state banking department for the benefit of the creditors of the old Bank of Statesboro, former owners.

The purchase includes the building occupied by Thackston's pressing club, formerly the city office; the adjoining, now and for a long time occupied by Averitt Bros. Auto Co., and the building on the north corner occupied by Dedrick Waters' barber shop; also the vacant lot facing on East Main street and now used for the storage of second-hand cars by Averitt Bros. The sale of the property is a healthful evidence of the upward trend in values and is proof that times are coming back to normal as rapidly as possible.

Register Young Man Promoted in Marines

Remer H. Dekle, son of George A. Dekle, of Register, who entered the U. S. marine corps in July, 1934, at the district office, Savannah, recently was promoted to private first class, with serving with the marine guard on board the cruiser Richmond. He is a graduate of Register high school.

Dekle completed the training course at Parris Island, S. C., and was selected, from those most proficient in training, to attend sea school. He was transferred to the marine barracks at Norfolk, Va., where he graduated from the sea school and received assignment to his present station on the Richmond. The Richmond, flagship of the special service squadron, is in port at Havana, Cuba.

Brooklet Young Man Enlists in Marines

Howard A. Altman Jr., son of Mr. and Mrs. Howard A. Altman Sr., of Brooklet, was among the young men who successfully passed the entrance examination for the U. S. marine corps July 31st at the Savannah office, according to information received from Major Louis E. Fagan, officer in charge of marine corps recruiting for Georgia.

Mr. Altman was transferred to the marine base, Parris Island, S. C., for preliminary training. Upon completion of his training he will have the opportunity of serving afloat on one of the battleships or cruisers, or at one of the distant stations of the corps in China, Guam, Hawaii, the Philippines, Panama or Cuba. Young Altman is a graduate of the Brooklet high school, class of 1934.
